

Haxey

Church of England Primary Academy

Year 3

On the following two pages, you will find an overview of the Year 3 Autumn term curriculum for 2026.

To keep up to date with what we are up to in Year 3, please see our Class Dojo page, where there will be important reminders, class updates and photographs of our work and activities that we complete in class.

English

This Autumn term, we will be studying a number of texts to support and facilitate our learning.

These texts will support children in writing for a range of different purposes. Some of the writing outcomes for this term include: a setting description, instructions, an interview and a 'How to' guide.

Maths

This term we will be looking at; Place Value, Addition and Subtraction, and Multiplication and Division. We will ensure we are looking at how Mathematics is used in everyday life to highlight the relevance and importance of it. The children will also be able to consolidate their multiplication skills through the TT Rockstars programme.

Science

In Science this term, Year 3 will be exploring two interesting topics: Rocks as well as Animals including Humans. Children will explore different rocks and soils, where they will classify and group them together based off of their appearances and properties. They will also learn about the skeleton and how muscles support their body, protect organs and allow them to move. They will identify, explore, discover and compare these through experiments.

Geography

This term, we are studying 'The United Kingdom'. We will learn about the points of a compass, using one to help us navigate the environment around us as well as identify human and physical features.

History

In History this term, we will be studying the 'Stone Age to Iron Age' and how life changed for individuals during the Paleolithic, Mesolithic and Neolithic period.

RE

In Religious Education, we will be learning about God and some of the celebrations in Hinduism and in Islam. We will be looking at the ways in which their religious beliefs impact the way they live.

PSHE

'Being Me in MY World' and 'Celebrating Differences' are our two topics for this Autumn term in PSHE. We are following the Jigsaw programme of study.

PE

PE sessions will be twice a week. Our first two units will focus on ball skills and fundamentals, which are vital building blocks for the rest of our PE curriculum across the academic year.

Art

This term, our focus is monochromatic art. Children will explore different drawing styles. They will learn how pencil choice affects their work and practise techniques that create texture and shade.

Music

We will be learning a traditional pentatonic song about travelling around the world. We will use it to create cup rhythm and understand more about different melodies.

D&T

This term, children will learn about the functionality of textiles objects over time and then use this to create a Stone Age-inspired pouch.

Computing

This term, we will be following a new scheme which will be taught through Canva.

MFL

'Aprendo Espanol' and 'Los colores y los numeros' are our topics this Autumn term in Spanish. Pupils will learn the basics within Spanish and then move onto learning the colours and numbers.
